★ GLORIFYING THE AMERICAN GIRL ★

"I had a swell job, a car and plenty of good clothes —

The Only Thing Against Me Was My Face!"

"My broken-out face was making me the loneliest fellow in the world, until this skin doctor's formula gave me the clearer skin I wanted — in just one short week."

(FROM A LETTER WRITTEN BY A VIDERM USER NAME ON REQUEST)

IT DOESN'T PAY to put up with a broken-out face. Your very success in business, love and social life may depend upon your looks. Nobody likes to look at a face that is blemished by blackheads or pimples. **WOMEN ARE ATTRACTED TO MEN WHO HAVE SMOOTH, CLEAR, HEALTHY-LOOKING SKIN.** Business executives don't choose men whose complexions are against them. And it's just plain foolish to take chances with your happiness and success in life when the Viderm formula can do so much to give you the clearer, blemish-free face you want.

Good-looking Skin Is Not for Women Only

You—yes, you—can have the same handsome complexion, free from externally caused skin troubles, simply by giving your face the special care that screen stars give theirs. Because, remember—a good-looking, handsome appearance usually begins with the condition of your skin. There's almost nothing to it—it is just about as easy as washing your face. The whole secret consists of washing your face in a way that thoroughly purges the pores of every last speck of dirt and grime—something that ordinary cleansing seldom does. In fact, examination after examination shows that, usually, it is not a case of "bad skin" so much as faulty cleansing that leaves oily grime clogging up your pores. What you should use is a highly concentrated soap like Viderm Skin Cleanser. This penetrates the pores and acts as an antiseptic. Specks of irritating dirt and grime are quickly loosened. They dissolve and disap-

pear, leaving your skin entirely free of the dirt particles that otherwise remain as pimples, blackheads and other externally-caused skin troubles.

Squeezing pimples or blackheads to get rid of them is a nasty, messy business—but that isn't the worst of it. Doing so may also be injurious and leave your face with unsightly, embarrassing blemishes. There is now, a much easier, safer, cleaner way to help you rid your face of ugly, offensive, externally-caused skin troubles. You merely follow a doctor's simple directions.

Don't murder your skin! Here's all you have to do to get it smoother and clearer and to keep it that way. Use Viderm Skin Cleanser when you wash your face. Rub the rich lather of this highly-concentrated medicated soap on your face for just a few seconds and then rinse it off. Then apply a little Viderm Medicated Skin Cream and that's all there is to it. Viderm Medicated Skin Cream quickly disappears,

leaving your skin nice and smooth. This simple treatment used after shaving, helps heal tiny nicks and cuts, relieves razor-burn and smarting, besides conditioning your skin.

Give Your Face This Treat for 7 Days

Stop worrying and being embarrassed over what may happen

to your skin. Just send for your Viderm Double Treatment this minute, and be confident of a smoother and clearer complexion. Follow the simple directions, written by a doctor, that you will get with your Viderm Double Treatment. Then look in your mirror and listen to your friends admire your smoother, clearer skin—the kind that women go for.

Just mail your name and address to The New York Skin Laboratory, 205 Division Street, Dept. 14, New York City 1, N. Y. By return mail you will receive both of the Viderm formulas, complete with full directions, and mailed in a plain wrapper. On delivery, pay two dollars plus postage. If you wish, you can save the postage by mailing the two dollars with your letter. Then, if you aren't thrilled with results, your money will be cheerfully refunded. Remember that both of the formulas you use have been fully tested and proven and are reliable for you. If they don't help you, your treatments cost you nothing. After you have received your Viderm, if you have any questions to ask concerning abused skin, just send them in.

DON'T DO THIS!

Don't murder your skin by squeezing it. Skin is delicate. When you break it, you leave yourself open to infections. It's far easier, far safer, to let the Double Viderm Treatment help you enjoy a handsome, clearer, blemish-free complexion.

WHAT'S COMIN' OFF HERE?

A redhead and a hot
dancer take off and
really go to town!

Winnie Garrett starts
her act with a slow
smile, and a fast zig!

THE art of removing sticky clothes slowly and glamorously, to insinuating, heady music, gets a shot in the arm when beautiful red head Winnie Garrett throws caution — and garments — to the winds, and peels to the raucous, undisciplined accompaniment of really low down boogie woogie. Winnie holds audiences enthralled, dropping bits of lace and alluring smiles before lucky fans.

Strut on down, Baby! Belle,

— my glasses are foggin' up!

Not so dumb, Rusty. Nobody could believe you for wanting off those dog cage facilities

Oh for the life of a setter who's settin' pretty with a beaut!

Who said it's a DOG'S LIFE

FOR years the average rough life of the average dog has been the subject for all that is deserving of sympathy. You know that old line people are always giving off, "It shouldn't happen to a dog!"

Well, it's a lot of under propaganda! That look is worse than the life. Why, we know a setter who's strong pretty with a delightful bark, but in fact he only gets it that he was down to his last breath, the dog!

Any dog would be glad to change places with the doggy doctor, who says around under the name of Rusty. It shouldn't happen to a dog — it should happen to you, or you — or us. This wily life never shows an apartment with all,

terrible. Come Rusty. When do you think, all that? What's he got to write about?

A surprising statement shattered the doggy from a few days, he was just how rough this dog's life really is. He found the house through a typical dog, and was it a time before coming. There's the audience, and it that's the in a dog house, put a collar on it, and we'll set up and keep!

Rusty, the lucky dog, is known Karl's only dog, and a lot of hand he getting. He's around all the time — even when she takes a bubble bath, and helps her with her clothes. Only a dog would find love with a routine like that!

We have an idea this must know he has a good deal. The way he is like a cat, but he knows as if he has some thing found in his box. But he might be lost through it. He thinks that's a rough life. Need any help, Rusty? It's our right to have!

Listen, you dog — pay more attention to the girl so let somebody take your place!

Oh, old. Can't go in there! Why you say, that's the girl's bedroom! You're good!

BODY

EVER see a psychoanalyst do his stuff? Sometimes he uses hypnosis and can do wonders by putting a patient into a trance. But, brother, when he loses control — watch out!

Takes the case of Doc Beck, who always considered himself the last word in "look-me-in-the-eye-and-da-da-lay" circles. Well, the circles are under his eyes now.

Doc was sitting in his office practicing his glittering gaze when the door opened and an angel with a devil in her eye wiggled in. It was Lois Gones, and as you can see she's

enough to make any sawbones swallow his stethoscope.

The gal thought she needed psychoanalyzing, and the doc saw an opportunity to try a little hypnosis on her.

Well . . . what happened after that shouldn't happen to a doc! The medico attempted to hypnotize her and get her in his power, but luscious Lela refused to let him pull the wool over her eyes, and well . . . the pictures tell it better than words. All we can say is, there's a moral to this story: No science is as strong as the hypnosis of a beautiful babe.

BEDROOM

Tired and sleepy, lovely Nita Neilson is restive because she hasn't changed her position.

DO you thrash around in bed, kicking the covers off and ending up in a position that looks as if somebody used you as a model for a pretzel? What are you worrying about? That's what you're supposed to do.

There's a mistaken idea going around that the guy or gal who sleeps in one position all night and never disturbs the covers must be having a perfect night. Wrong again. It's impossible to rest all the muscles and joints of the body while lying in one pose position. The pretension sleeper may be easier on the housekeeper, but he is not getting the relaxation that the crawling, plunging sleeper gets.

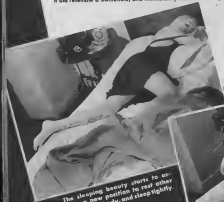

Many a person has looked at the bed in the morning — and it did resemble a battlefield, and immediately started to worry

— and actually feel deprived of health-giving shut-eye. And of course has envied the so-called lucky ones who get up in the morning leaving a bed so neat that it's difficult to tell that anybody has used it.

Research in sleep patterns has proven conclusively that the restless sleeper, the bedroom windmill, gets the real relaxation, while the quiet, decorous sleeper does not. And it also appears that in order to soothe and revive all parts of the body, that five basic bed positions are required, and that the normal sleeper will assume these positions without realizing it.

Nita Neilson, lovely blonde model, depicts for our readers the five scientifically established positions necessary for complete bed rest, as decided by exhaustive tests under every known sleeping condition. Men and women were observed in sleep, just as you are seeing Miss Neilson's pose in bed. Note that lovely Nita arranges herself for complete comfort rather than beauty. Each of these positions was carefully prearranged to fit the scientific pattern for restful sleep. So, girls and boys, study the pictures well. You may not look your very best like this, but you'll be doing some powerful sleeping. So flail your arms and churn with your legs. Thrash around the bed as much as you like — it's good for you!

Never mind about dignity or looks. After all, it's a goodly snooze you're after when you're tired, not beauty prizes!

The sleeping beauty starts to assume a new position to rest other parts of her body, and sleep tightly.

It's getting shut-eye that counts, not the looks. Nita is having a good stretch as she sleeps.

It's comfort, not graceful beauty, that counts.

Well . . . she wiggled in—and before you could say "naked truth", she's into a routine of bit by bit takin' off soft garments, hummin' a tune the while. Now I never could concentrate while somebody's hummin', even a chic chick like Jessica. And what's she want? A job takin' off her clothes to music. So . . . BLONDE BOMB

EVER meet a girl with "zing"? You know, you meet a lot of gals, and some are kinda cute blondes or brunettes, with pert noses or nice slim shafts, but they're soon forgotten when the next babe comes into sight.

Then all of a sudden — WHAM! The girl with almost too much of everything bursts into your life, and all the other babes look like pale imitations beside her! That's Trudy Wayne, gang. Easy, now! Don't crowd! So sit still and we'll tell you all about her.

Trudy Wayne, known as the "Queen of Zing," exploded on Broadway a couple of show seasons ago, and the black street shill has her smoke in its eyes. Up to now, however, little has been known about the off stage Trudy. Come a little closer, boys, and get the low down, but don't tell anybody — this is private!

This Wayne Charmer is like that babe who used to live next door to you — only with that zing we mentioned. Just as cute, and twice as dangerous.

She's friendly and easy to talk to, and would just as soon share a movie and a hamburger with a boy friend as arm-and-arm it with some big wheel to the expensive night spots. But . . . the movie's got to have a heavy love

It don't mean a thing, if you ain't got that sing! Trudy Wayne has it, and more, eh gang? Doesn't she pitch a mean curve?

She's

interest, with plenty of clinics — close up, too. Trudy's the same about books. She likes 'em, but they've got to be loaded with love.

Though she's too busy with show business to be a home gal, Trudy can make with the pots and pans, and if she tripped into your kitchen she could rattle up a bowl of chili even hotter than her strip routines.

Trudy's only expensive habit is phonia — the urge to call people up at all hours of the day and night. Yeah, it may be expensive, but she can call us any time she wants to!

A late sleeper, Trudy favors short nightgowns, and even though she sleeps with the windows wide open, she can't stand covers. She wakes early and gets right up — and eats a tremendous mess of ham and eggs. She also sings in the bath tub.

She's a swell sport who enjoys a joke on herself, just like that gal you know — and besides, she's loaded with that thing called "Zing!"

nearly proves that Trudy's

It's 23 inches small!

see such a tantalizing figure?

A jungle cat captures a mate in a thrilling dance! DANCE of the LEOPARD

Caught! The leopard
has struck, and seized
the female!

Till today of the female leopard the male is the subject of the most toothy dance seen in show-biz in years. Betty Dougherty and Jeanette Weller, using the snaky, feline movements of the most savage of the jungle cats, capture the gaze and the flax of this superb animal. The dance starts with the male surprising and seizing the leopardess. She alternately tries to escape and turn, and claws her captor. The movements are in fire and smolder until the leopardess is subdued — and acceded to the male.

The female leopard will probably
try escape fighting, certainly
very graceful, extremely

The leopardess first tries to es-
cape, but then turns on the male
with murder in her eyes!

The leopardess weakens —
as, is this the way all
females, to allow the male
to think he is the master?

Captured and defeated, the
leopardess collapses. Or may-
be she wanted it that way!

BUBBLE GUM Baby

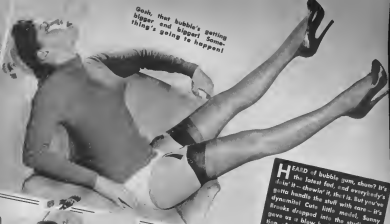

Such a brave girl! Trying to scare
the boys, Sunny? Kindsa hard to pay
attention to the bubble, eh boys?

Well, pop my gum, Bette, if it
ain't Sunny Brooks, the gal
we're stuck on, all stuck up.

Oh, lucky bubble! But, careful, Sunny,
honey — you look cute but you're
blowing up trouble with that bubble!

Goah, that bubble's getting bigger and bigger! Something's going to happen!

HEAR'D of bubble gum, chum? It's the latest fad, and everybody's doin' it - chewin' it, that is. But you've gotta handle the stuff with care - it's dynamite! Cute little model, Sunny Brooks dropped into the studio and gave us a blow by blow demonstration of how to handle the gummy bubbles. Take a look, and learn, boys, and, Sunny rates a look test!

Hey! Run for the hills! This bubble baby's gonna bust!

Whew! There it goes! We coulda told you that would happen!

ARE you a Whodunnit fan? Some doctors maintain that the chills and hair-raising shivers induced by reading mystery stories can be very dangerous. Better be careful! Look what one of these spine-tingling stories did to lovely model, Marge Pemberton, who agreed to tackle a real chiller at midnight, to see what would happen—and look what happened! Take our advice kiddies, and the next time you feel in a mystery mood, just go to the movies and hold hands—it's safer and more fun.

READ 'n' WRITE

Dear Editor,
May I congratulate
you on the collection of
beauty that graces your
pages—and at the same
time register a com-
plaint!

All of your lovely
girls would be more beau-
tiful if they had gorgeous
long tresses.

It becomes more dif-
ficult daily to find a woman with long hair, and
more and more girls are getting shorn. It is dis-
graceful! I depend on you to keep me supplied
with pictures of damsels with long tresses.

J. W. C., Los Angeles, Calif.

Dear Editor,

I thought hazing in college had been abo-
lished? Isn't it forbidden? It should be, and
believe me I speak from painful experience!

I was delighted when I was pledged by a good
sorority, but delight changed to horror when at
my initiation I found myself across the knees
of an upper class girl who swung a stinging paddle
forty times across my back spot! I'm furious
—and suffering! Isn't this practice forbidden?

Bernard McN., Chicago, Ill.

Ed. Some colleges still permit paddle hazing.

Dear Editor,

I don't want to sound com-
plaining, because I think
your magazine is swell, but
isn't it possible to have
more pictures of girls with
both gloves and high laced
boots? That is my ideal and I
maintain it is the ultimate
in female adornment. The
gloves should be long, and the boots should be
high and laced tight. Please run a picture
like that!
